

Products : Control Panels : Spartan-25(E)(C)

Overview

The NOTIFIER Spartan-25 (NSP-25/NSP-25E/NSP-25C) is a 25 point addressable Fire Alarm Control Panel (FACP) with built-in Digital Alarm Communicator Transmitter (DACT). This control panel supports up to 25 addressable devices in any combination of detectors and modules. With simple programming, operation on standard wire, and features such as drift compensation and maintenance alert, the Spartan-25 is a preferred alternative to conventional control panels in both new and retrofit applications.

Features

-
- ETL listed to ANSI/UL 864 9th Edition Standard
ETL certified to ULC Standard S527 and S559
 - JumpStart[®] auto-learn feature reduces installation time and makes programming easy.
 - Built-in digital communicator.
 - Two programmable Style Y (Class B) notification appliance circuits (NACs).
 - Selectable strobe synchronization for System Sensor[®], Gentex[®], Wheelock[®] or AMSECO devices.
 - Two programmable Form-C relays and one Form-C trouble relay.
 - Automatic detector sensitivity testing (NFPA 72 compliant).
 - Drift compensation.
 - Alarm verification per zone of detectors.
 - Walk-test.
 - Maintenance alert region.
 - Uses standard wire (unshielded or twisted pair).
 - Custom programming performed through the control panel's built-in browser; no programming software is required.
 - Fire Zones
